Dear Friends,

WOW! What an experience! I have so been looking forward to getting the chance to write this **KIM'S KORNER** - I want to share with you the **MOST AMAZING** journey I recently had the chance to experience, an **AMA WATERWAY RIVER CRUISE**.

I am not sure where to begin. This river cruise compares to no other river cruise. The attention to detail, the luxurious features, trip inclusions and the superb staff were all amazing. The specific cruise I was

on was called *The Romantic Danube*. We began our journey in Prague, and then proceeded to Regensburg, Vilshofen, Passau, Linz, Weissenkirchen, Vienna,

Bratislava, and ended in Budapest.

Traveling with **AMA WATERWAYS** is traveling in complete comfort and style; they pride themselves on giving their guests MORE. Their fleet holds less people so there is a high staff-to-guest ratio on the ships and they tend to your every need. The crew is friendly, knowledgeable, highly-trained and professional. Their attentiveness gives each guest a uniquely personalized experience - the staff was simply *the best* I have ever encountered.

The amenities included on AMA are unprecedented. Things were included on this cruise unlike "the usual" where things are extra. **Excursions are included.** We usually had three options at each port. These options were selectively chosen to offer the total enjoyment of each destination in a variety of different ways and for different activity levels. One option often available was access to a fleet of complimentary bicycles where you could join a guided bike tour or go

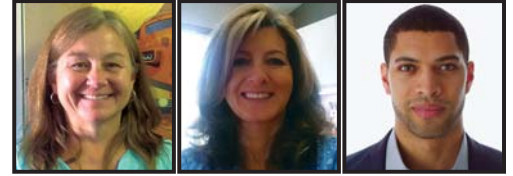

and discover on your own. *Some other included extras were complimentary unlimited wine, beer and soft drinks during lunch and dinner; free Wi-Fi, bottled water replenished daily, entertainment on Demand, and even free mailing of postcards.*

I could go on about what an **EXCEPTIONAL** trip this was; truly, like no other river cruise available **ANYWHERE**. AMA offers cruises to many locations through Europe, Asia and Africa. Each journey promises to make you **part of the local culture, an EXPERIENCE**, not just a pass thru of a destination.

Contact us and let's talk **AMA WATERWAY River Cruises**. We have booklets available that can show you in much more detail all that AMA offers. If you are interested at all in river cruises, you **MUST** check out AMA. Let's talk AMA!

CRUISING FUN FACTS:

On board Princess Cruises Royal Princess ship, a staggering 250,000 eggs are used each week! Sounds a bit eggstreme doesn't it?! (Sorry, we couldn't resist!)

Think cruise ships are all about crowded buffets and stale, uninspired dishes? Um, no, cruise meals rival some of the best fine dining restaurants on land, and an increasing number of celebrity chefs (and those revered in the culinary community) are making their way into the cruise industry to run the enormous dining rooms or even open their own signature restaurants.

Recent studies found that 90 percent of cruises are still booked through travel agents. This is due to the fact that ship trips can be customized in so many different ways that it's best to have an expert handle the details. They also offer so many potential discounts of which travelers are often unaware, and some are exclusively granted to travel agents. Also it costs you nothing to book your cruise through a travel agent. The cruise line pays the agent.

Being on a cruise ship is like being in your own moving metropolis; and just like a city, each one is different. Norwegian Epic has a bowling alley, three water slides, and the Spice H2O pool bar, which transforms

into an alfresco nightclub complete with live DJs. The largest cruise ships have casinos, shops, art auctions, many restaurants, several pools, and a running track. Also, you can check your daily newsletter to see what classes are being offered, from fitness to beauty to cooking.
